Key Features

Bed Bolt Tie-Down Point

Designed for bolt-through installation on compatible truck-bed and utility surfaces to create a dedicated cargo-control attachment point.

3/8-in Threaded Installation

Threaded shank, flange, and hex nut support secure fastening through compatible mounting locations.

Forged, Heat-Treated Steel

Forged, heat-treated steel construction supports high strength and durability in demanding cargo-control applications.

Clear Capacity Identification

Packaging displays the 1,400-lb rating and 3/8-in size for quick product selection and pre-use verification.

Unified VINLOC Retail Packaging

Consistent VINLOC branding, coordinated red-and-black graphics, and clear model identification create a cohesive, professional presentation across the product range.

2-Pack Value

Two anchor points per retail pack support paired installation or convenient replacement across compatible cargo areas.
