Construction	Forged, heat-treated steel D-ring and recessed mounting plate
Mounting	Four-hole recessed plate for compatible cargo surfaces
Brand Marking	5,000 LBS capacity marked on plate; VINLOC retail packaging

Key Features

Flush Recessed-Mount Profile

Folding D-ring nests within the mounting plate when not in use to reduce protrusion across compatible cargo surfaces.

Pivoting D-Ring

Hinged ring lifts for strap connection and folds back into the recessed plate for a clean, compact profile between uses.

Forged, Heat-Treated Steel

Forged, heat-treated steel construction supports strength and durability in demanding cargo-control applications.

Four-Hole Mounting Plate

Four square mounting holes support secure installation with application-appropriate fasteners and compatible backing structure.

Unified VINLOC Retail Packaging

Consistent VINLOC branding, coordinated red-and-black graphics, and clear model identification create a cohesive, professional presentation across the product range.

Single-Pack Convenience

One D-ring per retail pack supports focused installation or convenient replacement across compatible cargo areas.
