Key Features

Vinyl-Coated S-Hooks

Black PVC coating helps protect vehicle paint and finished anchor points from scratches during loading.

1,000-lb Working Load

Per-strap WLL is stated on the retail display with a 3,000 lb break strength for quick selection.

Padded Comfort Handle

Thick textured grip cushions the hand and provides steady control during repeated tensioning.

10-ft Working Reach

Compact strap length suits motorcycles, ATVs, lawn equipment and everyday cargo restraint.

High-Visibility Orange

Pantone Orange 021 C webbing stands out in storage areas, trailers and roadside inspections.

2-Pack Value

Two complete tiedowns per retail pack provide a ready pair for motorcycles, ATVs and everyday cargo restraint.
