Key Features

Double J-Hook Anchorage

Deep steel hooks provide secure attachment to trailers, rails and compatible anchor points.

High-Visibility Yellow

Pantone 1235 C webbing stands out in trailers, storage areas and roadside inspections.

Easy Release, Secure Hold

Release lever supports controlled unloading while the steel ratchet maintains firm transport tension.

Deeper Grooves on Handle

The ratchet handle features deeper, more aggressive grooves for a noticeably firmer grip - even with gloves, wet hands, or oily conditions.

Oversized Comfort Grip

Wide molded handle with deep finger grooves improves leverage and control during repeated tensioning.

2-Pack Value

Two complete tiedowns per retail pack provide a ready pair for motorcycles, ATVs and everyday cargo restraint.
