Key Features

Double J-Hook Anchorage

Deep steel hooks provide secure attachment to trailers, rails and compatible anchor points.

High-Visibility Tracer Webbing

Pantone 1235 C yellow with red tracer lines supports fast visual identification and inspection.

Easy Release, Secure Hold

Release lever supports controlled unloading while the steel ratchet maintains firm transport tension.

Deeper Grooves on Handle

The ratchet handle features deeper, more aggressive grooves for a noticeably firmer grip - even with gloves, wet hands, or oily conditions.

Oversized Comfort Grip

Wide molded handle with deep finger grooves improves leverage and control during repeated tensioning.

Single-Pack Convenience

One complete tiedown per retail unit supports simple shelf stocking and single-strap replacement needs.
