Key Features

Heavy-Duty Steel D-Rings

Paired plated-steel D-rings provide secure connection points for compatible tiedowns and transport hardware.

12-in Protective Sleeve

Abrasion-resistant sleeve helps shield the strap where it wraps around axles, frames and suspension components.

High-Visibility Tracer Webbing

Pantone 1235 C yellow webbing with red tracer lines supports fast visual identification and inspection.

21-in Axle Strap

Compact 21-in length is designed to wrap around compatible axle and frame members without bulky excess webbing.

3,333-lb Working Load

Packaging identifies a 3,333-lb safe working load and 10,000-lb break strength for clear pre-use verification.

Single-Pack Convenience

One complete axle strap per retail unit supports simple shelf stocking and individual replacement needs.
