### Key Features

#### Safety Tow Hooks

Forged steel tow hooks provide robust attachment and help maintain dependable engagement with compatible recovery anchor points during demanding towing and recovery operations.

#### High-Visibility Webbing

Pantone 1235 C yellow and a red tracer create strong contrast against the black weave, enabling quick identification and efficient visual inspection.

#### 3,333-lb Working Load

Packaging identifies a 3,333-lb safe working load and 10,000-lb break strength for clear pre-use verification.

#### 20-ft Recovery Reach

Extended 20-ft length provides practical separation between compatible vehicles and recovery anchor points.

#### Wide 2-in Recovery Webbing

Full-width high-tenacity polyester distributes pulling force across a broad, flexible recovery strap.

#### Single-Pack Convenience

One complete tow strap per retail unit supports simple shelf stocking and individual recovery-kit replacement.
