Key Features

Safety Tow Hooks

Forged steel tow hooks provide robust attachment and help maintain dependable engagement with compatible recovery anchor points during demanding towing and recovery operations.

High-Visibility Webbing

Pantone 1235 C yellow and a red tracer create strong contrast against the black weave, enabling quick identification and efficient visual inspection.

3,333-lb Working Load

Packaging identifies a 3,333-lb safe working load and 10,000-lb break strength for clear pre-use verification.

30-ft Recovery Reach

Extended 30-ft length provides additional separation between compatible vehicles and recovery anchor points.

Wide 2-in Recovery Webbing

Full-width high-tenacity polyester distributes pulling force across a broad, flexible recovery strap.

Single-Pack Convenience

One complete tow strap per retail unit supports simple shelf stocking and individual recovery-kit replacement.
